# Commission

COMMISSION

# Direct Bonus

As soon as you have won a new member you will receive a Direct Bonus of 10 %. This bonus rate is independent of your purchased product level. You already receive this

entitlement as a member of Laetitude. The bonus will be paid out to you directly, and in real time, upon receipt of payment from the new member.

# Binary Tree

Upline

You

Left Leg

Right Leg

Empty

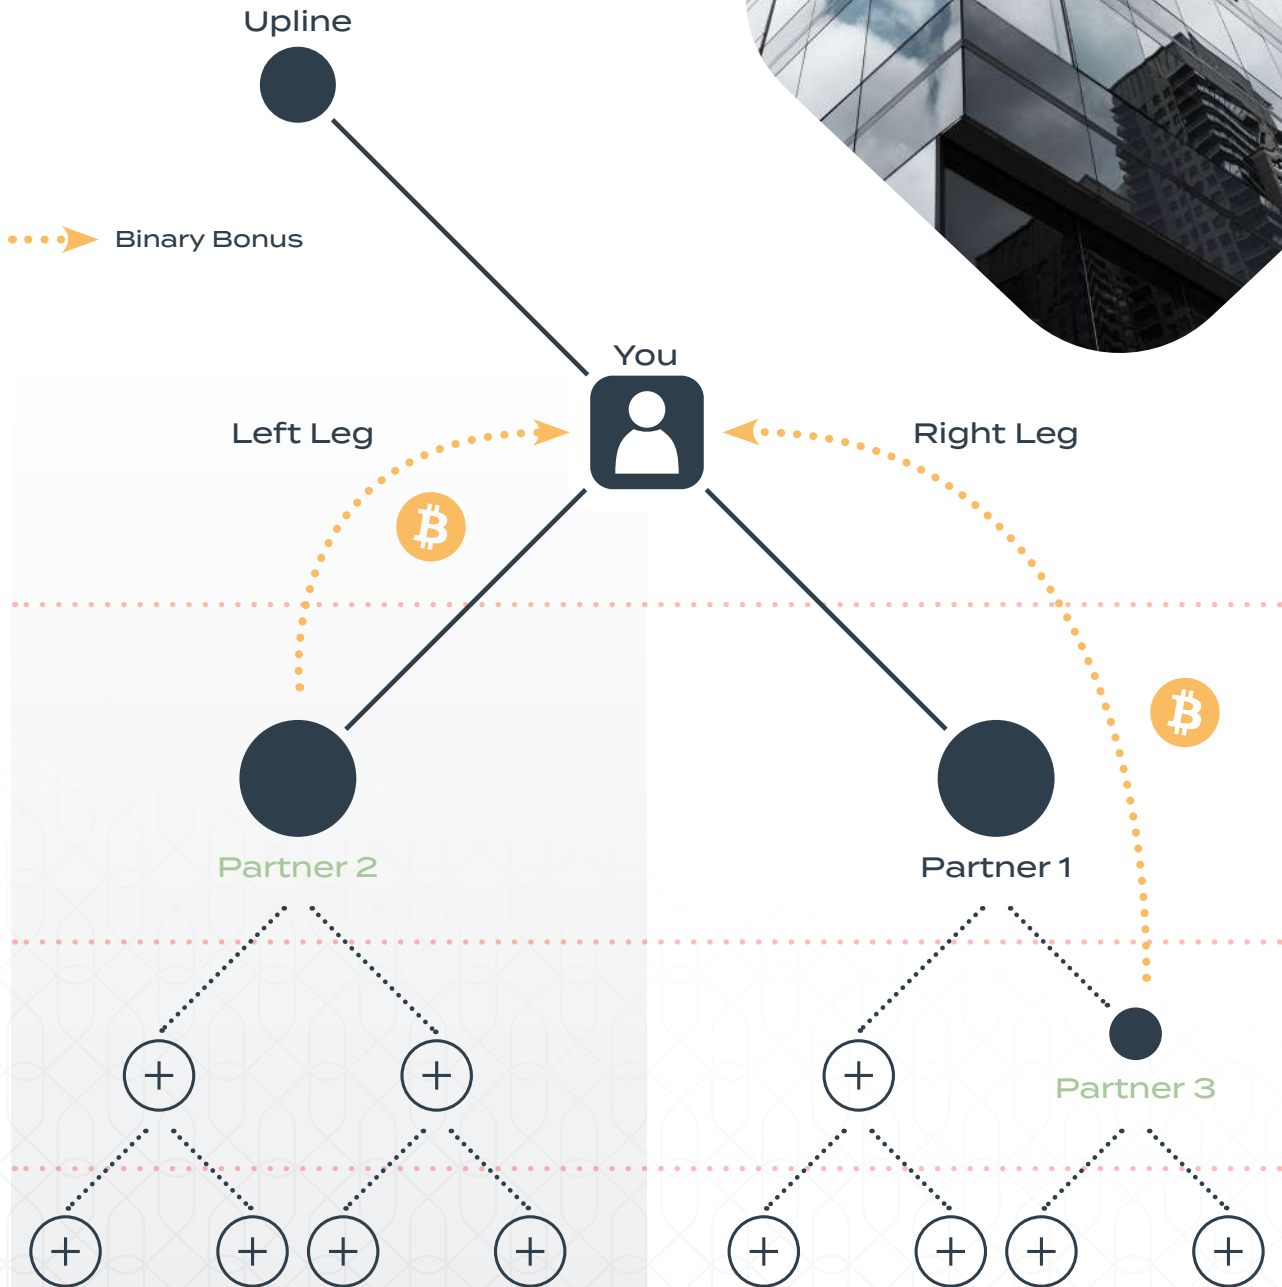

Empty

Your positioning: As soon as you are positioned you are entitled to receive commission and can place new members in your left and right leg.

The amount of the commission entitlement depends on your acquired product level.

# Binary Bonus

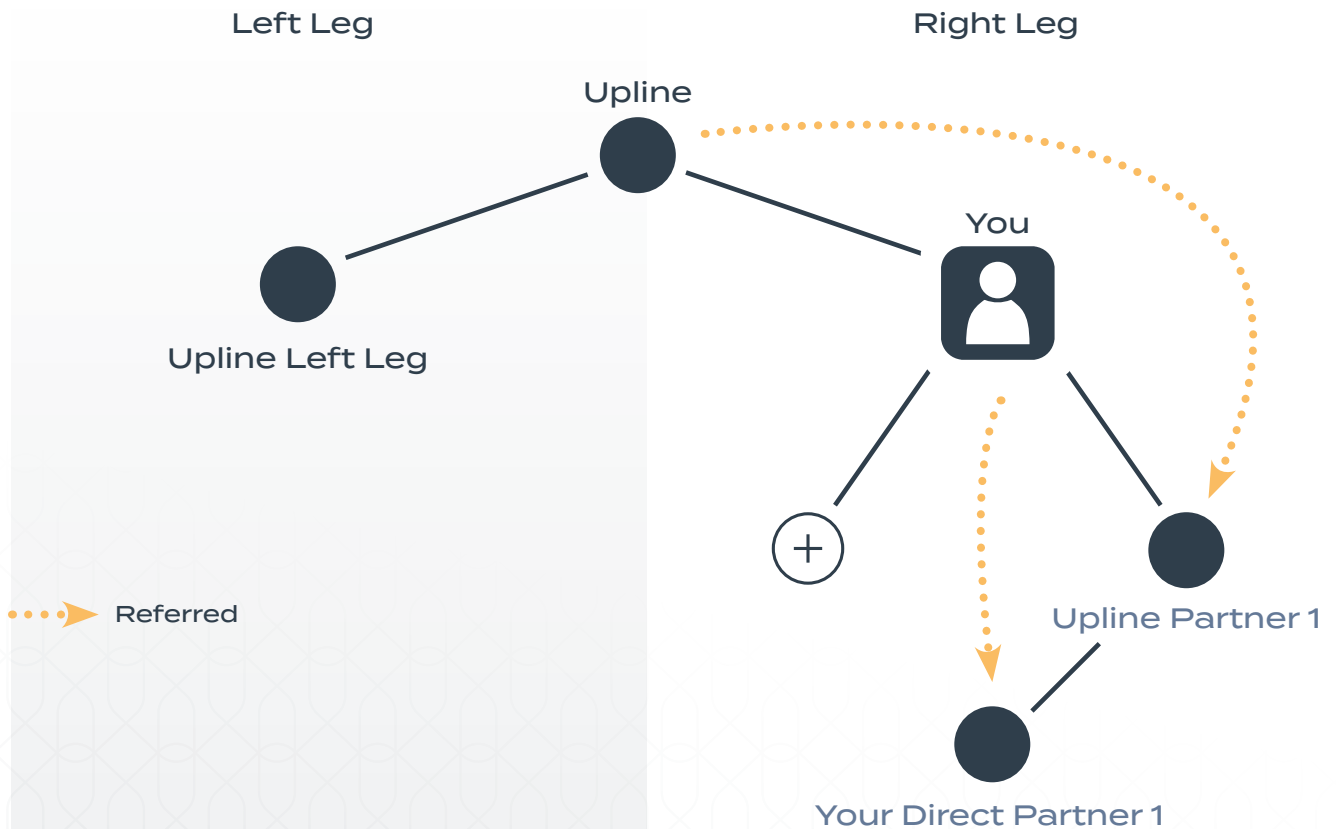

You have gained two more direct members. For each of them you will receive the Direct Bonus of 10 %. In addition, you have earned a Binary Bonus by positioning Partner 2 in your left leg. The bonus rate of your Binary Bonus depends on your acquired product level. If you only have a membership with Laetitude, you are not eligible

to receive a Binary Bonus. The Binary Bonus is paid out in real time. In addition, your partner 1 has received a spillover from your acquired partner 3. (New team partner for your partner) A spillover always occurs when the direct positions under a member are already occupied and therefore the newly won member is placed under another partner.

# Enrollment Tree vs. Binary Tree

The right and left leg position can only be occupied once for each member. If these positions are already occupied on your upline, more direct members will be placed below you in the Binary Tree. This effect is called spillover. A spillover is crucial for the calculation of the Binary Bonus. In this case you will receive a commission payment for a partner you did not directly recruit - provided that the spillover is positioned in the payleg.

When a new member is recruited, the positioning can be chosen manually by the sponsor at any vacant position within his Binary Tree.

If the position is not selected within 10 days after the new member has purchased the product, the system will automatically position the new partner on the outside of the payleg.

Your personal Enrollment Tree is decisive for the qualification of your Star Level and the calculation of your Matching Bonus. The Enrollment Tree consists exclusively of the team structures that have emerged from your personal recommendations, it therefore does not contain any structures that have emerged from the spillover.

# Overview

		Direct Bonus	Binary Bonus
Membership	\$ 0	10 %	0 %
Business	\$ 500	10 %	9 %
Business PRO	\$ 1 200	10 %	10 %
Founder Special	\$ 2 500	10 %	10 %

The Direct Bonus you receive is always 10 %. You are also eligible to receive a Direct Bonus if you only have a membership with Laetitude.

The bonus rate, which you receive in the Binary Bonus for all your referred products, depends on the product level you purchased.

# Matching Bonus

Your direct partners (Partner 1 and Partner 3) each win a new direct member (Partner 1.1 + Partner 3.1). Partner 1 and Partner 3 each receive a Direct Bonus. Partner 1 will also receive a Binary Bonus on the sales of

Partner 1.1. With the prerequisite of Star Level, you will receive a Matching Bonus on the Binary Bonus of your partner (Partner 1). You will always receive a Matching Bonus on the Binary Bonus of the partners in your enrollment tree.

Active Compression

Depending on the Matching Level, the Matching Bonus is paid with a different bonus rate. The depth of Matching Level depends on your achieved Star Level. The Matching Bonus is always paid out on top of the Binary Bonus of your team partners in the Enrollment Tree.

Not only your Matching Level payout depends on your individual Star Level, this rule also applies to your team members. If a member of your Enrollment Tree has not reached the required Star Level, he or she will be excluded from the bonus payout for the corresponding Matching Level. The next eligible partner will receive this bonus instead. This effect is called active compression.

In this example Hannah is positioned two levels lower than Steve in the Enrollment Tree. Therefore Steve must have reached at least level 2 Star to receive the bonus for Hannah. However, since Steve has only reached the Level 1 Star, he is excluded from his Matching Level 2 payout, and the payout for Hannah moves up one level. John has reached the Level 2 Star, and now gets the payout for Hannah, as Hannah is now at John's Matching Level 2 due to active compression.

# Star Level

STAR LEVEL

# Weekly Binary Payout

up to \$ 500  
per week

Matching Level 0

up to \$ 1 000  
per week

Matching Level 1

up to \$ 2 000  
per week

Matching Level 2

up to \$ 4 000  
per week

Matching Level 3

up to \$ 6 000  
per week

Matching Level 4

up to \$ 8 000  
per week

Matching Level 5

up to \$ 10 000  
per week

Matching Level 6

up to \$ 15 000  
per week

Matching Level 7

up to \$ 20 000  
per week

Matching Level 8

For the payment of the Binary Bonus, there is a weekly maximum amount (cap). This amount is based on the Star Level you have already reached in our career stages through performance. The Binary Bonus is paid out to infinity.

Your Star Level also determines the depth of the level for which your Matching Bonus is paid out (Matching Level). The depth starts at 1 in Level 1 Star and ends at 8 Matching Levels in Level All-Star.

# Qualification

Star Level	Qualified Volume (QV)	max. QV per Line (Enrollment)	Team Stars per Binary Bein (Enrollment)
1	2 000 QV	50 %	-
2	4 000 QV	50 %	-
3	10 000 QV	50 %	-
4	30 000 QV	50 %	-
5	70 000 QV	50 %	min. 1 x lv 1
6	200 000 QV	40 %	min. 1 x lv 2
7	500 000 QV	40 %	min. 1 x lv 3
All	1 000 000 QV	40 %	min. 1 x lv 4

To reach a Star Level, you have to perform certain accomplishments. The Qualified Volume is always 100% of the revenue that the recruited members of your Enrollment Tree have generated in a 30-day assessment period. A share of max. 50 % or 40 % is evaluated depending on the Star Level Qualification for a line from your Enrollment Tree. In your Binary Tree you have to reach a certain number of Star Levels per leg with your Enrollment Team Partners. When you have reached a certain Star Level,

your position must be confirmed at least every 90 days by reaching the same qualification again. Otherwise, you will be moved down one career level, where you have the chance to confirm your qualification for this level for 90 days before you are moved down one level again. If you have reached one or more Star Level qualifications in the meantime, you will be promoted immediately. Measurements are always in real time from the moment you reach the respective qualification.

“The best thing  
money can buy  
is financial  
freedom.”

Rob Berger
